What a wonderful game :)

To start with this game can be played in rts/timed mode or turn based
"when ever you feel you want to switch with just a click!"

The game is based on random events mostly (this is a good thing for this game ;)
and with you else killing and taking over zombie infested areas.
Building-training-looting-harvesting-finding new survivors and more..

Ps. This game can also be modded easy + notepad friendly
